

HEALTH TALK SERIES IS  
PLANNED FOR NEXT FALLAlpha Phi Sorority Proposes Lec-  
tures to Be Given to All  
University Girls.

The members of the Alpha Phi sorority are planning a series of health lectures for women to be given here next fall. The proposed lectures, if carried out as planned, will be opened at the first of the fall term by a mass meeting in the Jesse Hall Auditorium for University women. Miss Florence Hein, president of the Alpha Phi chapter, will open the meeting, and President J. C. Jones will talk to the women on the duty of the individual University woman in the general health program.

The second lecture will probably be given by Dr. Guy L. Noyes about eyes. Dr. M. P. Ravenel will deliver a lecture on personal hygiene and Dr. George Lejeune will speak on eugenics.

The dates for the lectures have not been set, but the series will be given at intervals throughout the year. All University women will be given an opportunity to attend the lectures. The Alpha Phis, when drawing up their voluntary health schedule this year, decided that the health lectures would be the most effective means of carrying out their program. At the suggestion of Dr. Matzke it was decided to open the lectures to all University girls who were interested in them.

The members of the Alpha Phi health committee are: Miss Florence Hein, Miss Emily Ames, Miss Artie Walters, Miss Cora Mendenhall, Miss Margaret Hudson and Miss Betty Handley.
